

# Talking About Climate Change

The first step in solving any problem is to understand what the problem is.

The problem with climate change is that it is many problems which combine to make a huge and seemingly insoluble problem.

Before taking any action therefore a key activities are learning, discussion & understanding.

## Tell 'em

Carbon Literacy (8 hours)

Includes actions you will take

Need to design your own course or pay

Assessed route to become a trainer/consultant

Individual certification

Organisational accreditation

## Have a guided conversation

Climate Fresk (3 hours)

Includes discussion about what you could do

Uses 42 standard cards

Anyone can become a facilitator

Additional planning session for businesses (3hrs)

There's also Biodiversity Collage

Building Usage

3

CO2 Emissions

7

Melting Glaciers

16

Droughts

30

River Flooding

26

Deforestation

6

Marine Biodiversity

Human Health

38

5 Fossil fuels are coal, oil and natural gas. They are used mainly in buildings, transportation and industry. They emit CO2 when burned.

32 Food production can be affected by temperature, droughts, extreme weather events and flooding (e.g. the Nile Delta).

A game with 42 cards  
The causes & consequences  
of climate change

**TAKE  
THE  
JUMP**

# WITHOUT A MOVEMENT LIKE THIS, STOPPING ECO BREAKDOWN IS IMPOSSIBLE.

## SCIENCE SHOWS...

BY **TAKING THE JUMP** PEOPLE CAN DIRECTLY DELIVER:

# 27%

OF THE CHANGE NEEDED IN 6 SIMPLE SHIFTS

Yes, governments and industry have most responsibility, but people are not powerless. Science is clear that through these **six shifts** we can have a huge and direct impact through the things we control in our own lives. **No more feeling overwhelmed, isolated, confused or hopeless.**

The shifts provide us with a clear, impactful, and achievable roadmap.

## END CLUTTER

Keep products for at least **seven years**

## EAT GREEN

A plant based diet — no waste, healthy amount

## HOLIDAY LOCAL

One flight every three years

## DRESS RETRO

Three new items of clothing per year

## TRAVEL FRESH

If you can, no personal vehicles

## CHANGE THE SYSTEM

At least **one life shift** to nudge the system

ALWAYS IN THE SPIRIT OF IT'S **ENOUGH TO TRY,** **NO SHAMING,** AND IT'S **A JUMP FOR JOY**

BizEd Projects CIC do the admin  
Local facilitators do the delivery  
Shropshire Climate Action align  
with the initiative and do the  
promotion

We can train facilitators locally too.

Similar approach to Climate Fresk, where participants discover, through a fun and collaborative workshop, what biodiversity is, what it enables and what degrades it.
