3.	21/03523/FUL	Channing House Holywell Street Shrewsbury SY2 5DB	Conversion and extension of existing basement into self-contained apartment	Support with Comment
-----------	---------------------	---	---	----------------------

The Town Council has no objections per se to this application, but Members have concerns regarding the capacity for spare car parking spaces on the plot and think this needs to be clarified. Members request that conditions are established which ensures that the self - contained apartment remains as this and not a HMO.

-----------	---------------------	---------------------------------------	--	----------------

Whilst the Town Council do not object to the coppicing/reduction work proposed, Members do object to the felling of the Norway Maple for the reasons of excessive shading. ------------	---------------------	---------------------------------------	---	-----------

The Town Council object to this application on the grounds of over development. The plans show that the dwelling, which is located on a quiet cul-de-sac, will more than double in size and greatly affect the current street scene. Members agree with comments made with regards to possible overlooking/loss of privacy for neighbouring properties. The proposed new garages also appear to be quite taller than current garages in situ. There are also concerns on how this proposed development will affect the residents of Number 10.

The Town Council strongly object to this application and are extremely disappointed to hear that the wall has been demolished prior to planning permission being granted. Members respectfully request that Shropshire Council's Tree Officer visits the site and provides expert assessment and recommendations to confirm if the removal of the tree is necessary or if there are alternative suggestions rather than removal.
