## **124/18 MINUTES OF THE LAST MEETING**

The minutes of the Planning Committee meeting held on 02 April 2019 were submitted as circulated and read.

### **RESOLVED:**

**That the minutes of the Planning Committee meeting held on 02 April 2019 be approved and signed as a correct record.**

## **125/18 MATTERS ARISING**

### **125.1 Reconsultation on Application 19/00035/FUL – 30 Havelock Road**

Members reconsidered the amended plans for the above application and considered their comments previously stated remained relevant. No further comments were made.

#### **RESOLVED:**

**That the Town Council makes no further comments to this application as it considers the Council's original comments still remain relevant.**

### **125.2 Reconsultation on Application 19/00648/ADV – 53-54 Wyle Cop**

The committee made no further comment as permission had been granted by Shropshire Council prior to this meeting.

## **126/18 REDUCTION OF LOCAL BUS SERVICES SUBSIDIES – FINANCIAL YEAR 2019/20**

Members discussed Shropshire Council's public consultation in relation to the proposed reduction in subsidies for bus services across Shropshire that closes on 6 May.

The Town Clerk endeavoured to find more detail about the proposed cuts, but was advised that the information in the public domain was the only detail available and this was the outcome of a request from budget holders to Arriva as to what could be delivered with a £455k reduction in subsidy.

Members expressed a number of concerns and felt that the proposals would have a detrimental effect on visitor numbers to the town and increase the sense of isolation as well as increase vehicle usage.

*Councillor A Mosley joined the meeting at 18.13*

Members stated their disappointment at the lack of additional information in the proposals but felt it was necessary that the Town Council highlights the issues affecting Shrewsbury. Whilst Members accepted that the majority of bus services in Shrewsbury are run on a commercial basis and are not

subsidised, it was felt that any changes implemented as a result of the proposals would have an overall impact on people using public transport.

Members discussed issues relating to the Big Town Plan and the need to encourage people to visit the town whilst also minimising car usage within the river loop to help reduce the town's carbon footprint.

Members also expressed their disappointment with the increase in the Park & Ride charges and the loss of the group ticket for this service. This would in effect mean the pricing differential between Park & Ride charges and the town centre parking charges would be so minimal that people would not be incentivised to use the Park & Ride service and subsequently make more town centre directed journeys.

Members agreed that the Town Clerk would draft a detailed response and circulate to all Members for their approval and that the issue would be raised at the forthcoming Annual Town Meeting on 29 April.

**RESOLVED:**

- (i) That Shrewsbury Town Council considers proposals to reduce Bus Service and Park & Ride Service subsidies a serious and retrograde step to those objectives outlined in the Shrewsbury Big Town Plan by in effect discouraging people from using public transport in favour of the car. It is contrary to the overarching objectives of reducing carbon emissions and improving air quality and will create more social isolation amongst the elderly and young who have no alternative to public transport;**
- (ii) That the Town Clerk drafts a letter on behalf of the Town Council for Circulation for member comment ahead of submitting by the 6<sup>th</sup> May deadline.**

*Councillor P Moseley, one member of the press and one member of the public left the meeting at 18.27.*

**127/18 HIGHWAY ORDERS**

There were no Highway Orders for consideration.

**128/18 TREE PRESERVATION ORDERS**

There were no Tree Preservation Orders for consideration.

**129/18 PREMISES LICENCE APPLICATIONS**

There were no Premises Licence Applications for consideration.

Members would like to see a restriction of 23.00hrs for use of the outside space.

Independent of this planning application, members saw this as another example whereby the need for planning permission was not being co-ordinated with a need to review the details of the premises licence.
