Variations

Overall the position is £3,373 better than budgeted. This is in part due to increased income and higher returns on investments from rising interest rates coupled with controlling costs despite inflationary pressures, there was a small surplus taken to general reserves.

On the income side there was an overall positive variance of £1,023,652 which is the difference between actual and budgeted figures. The positive variance is due to receipts of £449,664 for CIL and S106 received in the year with other positive variances.

The positive variance of £24,414 in Markets was due to increased income from the Market Hall and higher commission from the Livestock Market.

During the year, interest rates rose to 5.25% which was not anticipated in the budget setting process increasing interest returns significantly.

No grants were budgeted for and £247,505 were received in the year for capital and revenue.

Income from sporting, commercial rents, horticultural works and concessions increased from the levels set in the budget.

The expenditure variance overall is a negative (£1,020,279) which was due to the accounting treatment of earmarking unspent CIL, S106 and capital expenditure including capital projects classified as revenue.

The impact of the current high inflation have fed in to rising costs particularly fuel and electricity. To ease the pressure some vacant staff positions have not immediately been filled or replaced.

The negative capital expenditure variance of (£1,062,579) is due to the Fixed Asset additions, replacing of vehicles and equipment and land and property additions identified in a long term plan and covered by provisions. Capital projects also funded by provisions but not capitalised due to being replacements are included and add to the variance.

There is an adverse net variance on movement of earmarked reserves compared to the budget as more added to reserves than used in the year.

The total income and expenditure surplus of £3,269 was carried forward to the General Fund per the Statement of Reserves on page 23.

These accounts have been prepared having regard to the fundamental accounting concepts of:

- Going Concern
- Prudence
- Accruals
- Relevance
- Consistency
- Reliability
- Comparability
- Understandability
- Materiality

The accounts have been prepared under the historical cost convention.

In accordance with the Account & Audit Regulations 2015, the Town Council is considered a "smaller body" and subject to "Limited Assurances" Audit. The change from the FRSSE to FRS102 has not resulted in any changes of accounting policies.

Fixed Assets

All expenditure on the acquisition, creation or enhancement of fixed assets above the Town Council de-minimis (currently £5,000) is capitalised on an accruals basis in the accounts. Expenditure on fixed assets is capitalised, provided that the fixed asset yields benefits to the Town Council and the services it provides, for a period of more than one year. Expenditure on fixed assets is then included in the Balance Sheet with a corresponding transaction shown in the Capital Financing Account.

Depreciation is provided on all operational buildings (but not land), as well as other assets. Depreciation is not shown in the Council's Income and Expenditure account but is transferred directly to the Capital Financing Account.

Fixed Assets are included in the Balance Sheet at valuations current on 31st March 2010. These assets together with subsequent acquisitions and enhancements and will not be subject to revaluations.

Commercial and residential properties are classed as investment properties and revalued on a 5 yearly basis. The changes in the Market Value are taken to Asset Revaluation Reserve, having previously been impaired prior to the 2021 valuation by Julian Spencer (MRICS).

Depreciation Policy

Depreciation is calculated on the following basis:

- Buildings and leasehold land are depreciated over the shorter of 50 years or the anticipated remaining useful lives on a straight line basis.

UNAUDITED ACCOUNTS

Shrewsbury Town Council Statement of Accounting Policies 31 March 2024

- Non Operational Assets (including Investment Properties) are not depreciated.
- Vehicles, plant and equipment and furniture over 3 to 10 years on a straight line basis.
- Play equipment over 5 to 10 years on a straight line basis.
- Community Assets are not depreciated.

Only fixed assets purchased in the first half of the year are depreciated in the year of acquisition.

Disposals

Where an asset is disposed of at a value above the de-minimis limit (currently £5,000), the proceeds of which are a capital receipt under the Local Authorities (Capital Financing and Accounting) (England) Regulations 2003, the resultant gain or loss is reported in the Income and Expenditure Account and the proceeds are carried to the Useable Capital Receipts Reserve.

Grants or Contributions from Government or Related Bodies

Any grants or contributions are taken to the Income and Expenditure Account and earmarked in reserves if unspent.

Where a fixed asset has been acquired or improved with the financing either wholly or in part by a grant or contribution from government or a related body, e.g. Sports Council, the full amount of the grant has been included in the Income and Expenditure Account to offset the cost of purchasing the relevant asset.

This represents a change from previous years where balances were held as a Creditor on the balance sheet if unspent as noted in the financial summary page 6, and only released as income to match expenditure in the year.

Investments

Investments are included in the Balance Sheet at historic cost and realised gains or losses are taken into the Income and Expenditure account as realised.

Stocks

Stocks where relevant are being constantly replaced and their value is not material to assessing the Town Council's state of affairs as a result stock is written off directly to revenue expenditure.

Debtors and Creditors

The revenue accounts of the Town Council are maintained on an accruals basis in accordance with the Accounting and Audit Regulations. That is sums due to or from the Town Council during the year are included whether or not the cash has actually been received or paid in the year. Exceptions to this are payment of regular quarterly and other accounts (e.g. telephones, electricity) if the amount is not material. This policy is applied consistently each year. Therefore, it will not have a material effect on the year's accounts or on the Town Council's annual budget.

The RFO has determined a system of financial controls that meets the size of the organisation whilst discharging the Town Council's duties under Regulation 4 Accounts & Audit Regulations. Prompt recording of all financial transactions is carried out through the Rialtas Suite Omega Financial Accounting Package with this package facilitating the preparation of the End of Year Accounts and the accounting statements in Section 2 of the Annual Return.

Bank Reconciliation – All accounts held by the Town Council are reconciled by the RFO on a monthly basis as well as annually in preparation of the end of year accounts and the Annual Return. There are also internal controls which place a duty on both the Town Clerk and also a Member of the Town Council who is not a member of the Finance & General Purpose Committee or a Bank Signatory to validate those reconciliation reports.

Investments – The Town Council holds a number of investments to ensure that any amounts surplus to the current requirements achieve as maximum a return on investment as possible. All these investments are invested in accordance with the MHCLG Guidance on Local Government Investments reported to the Financial & General Purpose Committee who review the Council's Investment Strategy on an annual basis. Prior to investing in CCLA, the Town Clerk and RFO were required to undertake competency training, to ensure sound financial decisions were being made.

Statement of Accounts – Arrangements are in place to enable the preparation of an accurate and timely statement of accounts in compliance with its statutory obligations and proper practices. In 2009 when the Town Council was established it fell within the requirements for FRSSE Accounting, but following the “Limited Assurance” Audit being extended to the Town Council, members agreed to continue with the preparation of more detailed accounts; this allows for greater transparency for the public on how public funds are used but also provides better monitoring between accounting years.

The Town Council has noted that FRSSE has been replaced by UK GAAP (FRS102) for financial years commencing on or after 1 April 2016 and have prepared the accounts for 2023/24 to reflect this change as recommended by JPAG.

Reserves – General Reserves are below levels for the sector but sufficient liquidity to cope with emergencies and working capital. Earmarked Reserves reviewed at budgeting and end of year.

Assertion 2 – Internal Control

We maintained an adequate system of internal controls, including measures designed to prevent and detect fraud and corruption and reviewed its effectiveness

Standing Orders & Financial Regulations – The Town Council annually reviews and amends its Standing Orders and Financial Regulations. Reviews are ratified at the Annual meeting of Council.

Safe and Efficient Arrangements to Safeguard Public Money – The Town Council operates a number of practical controls on how it safeguards money including how the authority orders goods and services, incurs liabilities, manages debtors, makes payments and handles receipts, with the RFO having formal responsibility for administering the Town Council's financial affairs.

- i All orders for payment are signed by any two of six member signatories on the main bank account
- ii The Town Council has an Imprest Account to allow for smaller day-to-day transactions; this account requires any two of either the six member signatories or the Town Clerk, Deputy Town Clerk & RFO
- iii The Town Council operates an online banking system which requires payments to be approved by any two of the Town Clerk, Deputy Town Clerk & RFO, following approval by two of the six Councillor signatories
- iv Changes to accounts with banks or financial institutions are approved by Full Council with the signatories to those accounts being reviewed annually
- v Corporate Credit Cards are held by the Town Clerk & RFO to ensure the day-to-day business of Council is maintained; these have defined limits and are cleared monthly by direct debit from the main bank account.
- vi The Town Council reviews its Risk Assessments annually including its policy on the prevention of Fraud and Corruption.

Employment – All employee remunerations are approved by the Town Council and all payroll matters including duties under employment legislation and pension obligations are undertaken by the Shropshire Council Payroll Team. As a regular check the Internal Audit reviews a sample of salaries whenever he visits.

VAT – The RFO has set in place a robust arrangement for handling the Town Council's responsibilities with regards to VAT ensuring that regular returns are made to HMRC.

Fixed Assets & Equipment – The RFO maintains the Town Council's Fixed Asset Register ensuring the register is updated with any new purchases or disposals with appropriate arrangements for the use of any capital receipts.

Review of Effectiveness – The Town Council annually reviews its effectiveness of its internal controls as part of the end of year accounting process; this in turn feeds into the preparation of Section 1 of the Annual Report.

Assertion 3 – Compliance with laws, regulations and proper practices

We took all reasonable steps to assure ourselves that there are no matters of actual or potential non-compliance with laws, regulations and proper practices that could have a significant financial effect on the ability of this smaller authority to conduct its business or manage its finances.

Acting within its powers – The Town Council is keen to ensure that all decisions it makes are within the existing statute, therefore members are well aware of the list of Statutes & Regulations that it must work towards. The Mayor (in the case of Full Council) and the various Committee Chairmen have a duty to ensure that any item which is placed on an agenda falls within the powers and duties of a Local Council.

General Power Of Competence – In accordance with the Localism Act 2011 and the Parish Councils (General Power of Competence) (Prescribed Conditions) Order 2012, the Town Council resolved that it had met the criteria to use the General Power of Competence at its Annual Town Council Meeting in May 2021 following the last Council Elections.

Assertion 4 – Exercise of public rights

We provided proper opportunity during the year for the exercise of electors' rights in accordance with the requirements of the Accounts & Audit Regulations.

Exercise of Public Rights – In accordance with ss26&27 Local Audit & Accountability Act 2014 the RFO publishes the Annual Return as well as the Unaudited Statement of Accounts on the Town Council's website and on our Noticeboards. The RFO prepares a statement that sets out details of how public rights can be exercised as set out in Regulation 15(2)(b) including the period for the exercise of public rights. In addition to publication on the Town Council's Website and our Noticeboards an advertisement is taken out in the Shropshire Star.

External Auditor's Review – in accordance with Regulation 16 of the Accounts & Audit Regulations, the RFO publishes on the Town Council's website and our Noticeboards a Notice of Conclusion of the external auditor's limited assurance review of the annual return.

Assertion 5 – Risk Management

We carried out an assessment of the risks facing this smaller authority and took appropriate steps to manage those risks, including the introduction of internal controls and/or external insurance cover where required.

Identifying & Assessing Risks – The Town Council undertakes an assessment of risk for every facet of its work and there are specific Risk Assessments for all specialist areas. In addition annually the Town Council undertakes a general assessment of risk using the LCRS Software and all areas requiring further action are reported annually to Council. During the year additional COVID Risk Assessments were undertaken to combat the pandemic and maintain both public and staff safety.

Assertion 6 – Internal Audit

We maintained throughout the year an adequate and effective system of internal audit of the accounting records and control systems.

Internal Audit – The Town Council has appointed Auditing Solutions to undertake its programme of internal audit, looking primarily at the effectiveness of its risk management, control and governance processes taking into account current guidance for smaller authorities, a 5 year plan identifies key themes for review. The Auditors usually visit the Town Council 3 times a year, these inspections have been done remotely with the council providing all necessary information locally. Auditors provide a comprehensive report on work undertaken; this is presented to the Finance & General Purposes Committee for consideration. Annually we review the effectiveness of the Internal Audit process to ensure that it meets the size, needs and functions of the organisation. The 5 year plan is approved by the Council, the latest plan was approved in 2019/20.

Provision of Information – All necessary steps are taken to facilitate the work of those conducting the internal audit and all staff and relevant information are made available to assist in the process. The Responsible Financial Officer oversees the process.

Assertion 7 – Reports from Auditors

We took appropriate action on all matters raised in reports from internal and external audit.

Internal Audit Reports – All internal Audit Reports are presented to the Finance & General Purposes Committee for sign off and consideration of actions. Those actions are reported in the Minutes as a permanent record. All reports are published on the Council website.

Assertion 8 Significant Events

We considered whether any litigation, liabilities or commitments, events or transactions, occurring during or after the year-end, have a financial impact on this smaller authority and, where appropriate have included them in the accounting statements.

Significant Events – The Town Council is not aware of any events that took place in the financial year that have a financial impact on the Town Council, however cognisance should be made of the following:

- i The proceedings brought against Shropshire Council by Dr Day in relation to the planning decision on a parcel of land previously owned by the town council has concluded. The Supreme Court upheld Dr Day's claim. The Town Council has concluded its negotiations with CSE and an agreement to repurchase the land has been agreed. This shall be completed in the early part of 2024/25 Financial Year.
- ii The Town Council continues to be greatly impacted by significant emergency scenarios that were unforeseen and beyond their control; namely significant flooding of the River Severn.
- iii The Town Council continues to be in negotiation with Shropshire Council over the future of the Horticultural Service Level Agreement which is scheduled to expire on 31st March 2025.
- iv In February 2024 Shropshire Council published its MTFP outlining the need to make £62m of cuts to its revenue budget in 2024/25. These cuts are likely to impact on non-statutory services many of which are provided in Shrewsbury. The Town Council has set up a Member / Officer working group to consider the implications of these budget cuts both to the Town Council and the town.

20 Contingent Liabilities

The Town Council resolved on 8th June 2022 to instruct the four group leaders to make future recommendations as to the means by which the Site (greenfields) can be returned to public ownership and made available as a public amenity. The site had previously been sold in 2017 for £550,000 and the funds are held as a Usable Capital Receipt.

The land is now back in public ownership, with a net cost of £600k. The Town Council is seeking to offset the additional amount by pursuing compensation from other parties responsible for the errors in 2017.
